## INTRODUCING THE SUMMIT SERIES

Our exclusive Summit Series represents a comprehensive collection of cutting-edge products and services that redefine the possibilities of architectural glass solutions.

From intricate Insulated Glass Units [IGU's] to innovative energy-efficient designs, our wide spectrum of offerings can meet your most demanding requirements. Our dedicated Design-Assist and Project Management teams will push the boundaries of architectural glass solutions for your commercial ventures.

With the Summit Series, elevate your projects with our transformative solutions and unparalleled quality.

## ■ WHY CHOOSE GARIBALDI'S SUMMIT SERIES?

At Garibaldi Glass, we bring a world of innovation, quality, and reliability to your projects. With over 50 years of glass fabrication experience, knowledgeable staff, and a deep commitment to continuous improvement, our Summit Series offers comprehensive solutions that go beyond industry standards. From customized designs to eco-friendly options, we collaborate with you to make your unique vision a reality. Trust in our proven reputation for excellence and elevate your projects with glass solutions that stand the test of time.

### **Dedicated Project Management:**

Your projects stay on track, avoiding unexpected expenses and delays with our on-time project delivery, transparent pricing with no hidden costs, and efficient management.

### **Customization and Flexibility:**

No matter how complex, we have tailored solutions to meet your specific architectural requirements.

### **Comprehensive Offerings:**

From IGU's to custom designs, we cover all your architectural glass needs.

### **Sustainability Focus:**

Our solutions include eco-friendly options, aligning with your environmental goals.

### **Design Collaboration and Expertise:**

Our Design-Assist team works with you to bring your unique vision to life. We have decades of innovation and expertise to drive cutting-edge solutions.

### **Unmatched Quality:**

Our glass products consistently meet or exceed industry standards for durability and performance.

### **The Garibaldi Advantage:**

Experience the assurance of the lowest defect rates in the industry; reduce costs from unexpected expenses and increase your profits. Right the first time!

### **Proven Reputation:**

Trust in our long-standing commitment to excellence in the industry.
